Perfect for fans of Maeve Binchy - CandisDear Reader, Youve probably heard that my wife has left me. Rachels pregnant and she says she cant handle the stress in our household anymore. My thirteen-year-old daughter, Jolene, is jealous of her. Maybe its my fault. As a widower I spoiled her Jolene was reading over my shoulder just now and says thats not true. She claims Rachel ruined everything. But thats not true. The real question is: How can I get my wife back? I dont even know where she is. Shes not with Teri Polgar or any of her other friends from the salon. The other question is when will Jolene grow up and stop acting like such a brat? Im not the only one in town with problems. Linc Wyses father-in-law is trying to destroy his business. And you know Charlotte Rhodes? Seems shes becoming forgetful and the familys worried about her and Ben. Lots of other stuff going on but Rachel is better at keeping up with it than I am. If you have any idea where my wife is, give me a call. Please.
