

BWWM ROMANCE: Billionaires Auction (Interacial Romance Collection)

Auction (Interacial Romance)

FIVE hot books for the price of one! The Promotion Kiara is a stunning, confident African American woman who thought that being an intern at the biggest financial institution in New York would be all glamour and flash. But after six months toiling away in the mail room her life has quickly turned from tedious to unbearable.

Office politics, cutthroat competition and steamy sex behind closed doors was the norm at Oakwood and Fremont but when a chance encounter lands her on the top floor behind the desk of the most powerful man in the city. The billionaire's reputation precedes him. She has to put every one of her sexy skills to use if she wants to land a golden position on top. Winning a job is one thing, but could she ever win his heart?

The Billionaires Island Alisa is on a first class trip to Hawaii to meet with her boss and the mysterious billionaire Mathew Drake. Alisa catches his attention immediately she's everything so many of the other girls in finance aren't: savvy, ambitious, smart and a black woman with beauty for miles. Her charm wins him over into signing the big deal, but when he surprises her with an invitation to lunch, things quickly change. Is it a job offer, or a date? She can't help but hope for the later. But when she arrives at his villa things are a bit more complicated. After all, it isn't easy pleasing a billionaire. Will paradise be too hot to handle? The Billionaires Game When Trissa flies half way around the world for her best friend's wedding, her own romantic life is the last thing on her mind. But when the enigmatic father of the groom invites her to his private balcony, everything changes. He's the man who has everything but there's one problem he's married. When Trissa suddenly finds herself trapped in a game between the two daring lovers, the question is: will she run away or obediently play her part to the end?
