

## The Rock Series

The Rock Series is the combination of three individual novels, which include The Rock Star, The Singer, and The Stage. With this special edition you can now follow all the various story lines from their beginnings to their conclusions. From Jake Martin saving the rock star Jimi Christian to the point where they step on to The Stage in front of the world. From Alekseis initial problem with a gun deal, to Mischka joining his crew, to his eventual partnership opportunities. You can watch FBI Agent Jon Stevens come back from the Stoner injury to work with Sheriff Ken Dalton to investigate the horrifying string of murders that assault the Monterey Bay community. You can follow the exploits of the vigilante Gabriel as he dispenses his brand of justice on those who deserve it, all while harassing FBI Agent Max Harris. The Rock Series weaves a web of intrigue that's filled with a universe of characters that are running through a series of plots, sub-plots, mysteries, and actions that will keep you entertained and guessing from start to finish. And now it's all been combined in this one special edition with the added bonus of a lengthy list of character descriptions to help you follow along
