

An Uncertain Refuge

A child orphaned by violence. A woman sworn to protect and raise him. A killer come to claim him. A few deadly minutes in *An Uncertain Refuge*. Kate Dalton lives by the rules of honesty and fair play until she steps between a battered woman and the man intent on killing her. Amanda Blake barely survives; her ex-husband dies by Kates hand. The repercussions force Kate from her job at a domestic violence shelter. Fleeing unwanted publicity and yearning to break with her past, she heads to the Oregon coast, burdened by a coerced promise to Amanda to care for the nine-year-old son of the man she killed and shield him from the truth. For several weeks Kate holds a tattered web of lies together. Then Way-Rays vengeful uncle murders Amanda, an ambush journalist tells the story, and the boy bolts in horror. Aided by a dangerous man she only half-trusts, Kate searches for the boy she comes to love. But a sadistic killer intent on claiming his kin is watching every move.
