

## A Barfield Reader: Selections from the Writings of Owen Barfield

Owen Barfield was one of the most original and stimulating thinkers of the twentieth century, the man that C.S. Lewis said could not speak on any subject without illuminating it, the man whose writings have won praise from figures as diverse as T.S. Eliot and Saul Bellow, Walter de la Mare and Howard Nemerov, W.H. Auden and Marshall McLuhan. This comprehensive overview supplements major selections with numerous short supporting passages from the whole corpus of his writings and provides a short glossary of Barfieldian terms and useful primary and secondary bibliographies.
