

Deadly Collection

The third page-turning installment in the acclaimed mystery series featuring striking, sarcastic antique dealer Molly Doyle, set in picturesque Carmel, California. Mackie O'Brien, an accomplished Carmel artist, has recently returned from a painting retreat in France after learning her parents died in an auto accident. An only child, Mackie is the heir to the small but exclusive Inn her parents owned, along with their stunning Spanish style seaside villa, Casa Del Alegria. The OBriens were former Hollywood set designers and their home is filled to the rafters with antiques and movie memorabilia worth a fortune. Distraught over her the death of her parents, Mackie decides not to live in the house as its too full of memories. She calls upon Molly to create a register of the contents of the home for an estate sale. While cataloging the items, Molly discovers more than priceless antiques and movie memorabilia. The mummified body of Hillary Thornton, a local fledging actress last seen at the villa decades earlier greets Molly when she has a gigantic bibliothèque unbolted from a wall in the home.
