

On The Clock: (A Kyle Simmons Thriller - Book 3)

A shot rings out and someone inside a busy coffee shop is killed by a long-range sniper. The very next day, another victim is claimed by the sniper who simply goes by the name Vendetta. And the next day, there's another personally known. As the body count climbs, Vendetta delivers an ultimatum: There will be one new victim each day until she's caught or Kyle Simmons becomes her latest victim. The countdown has begun and now Detective Simmons is on the clock. Can he stop Vendetta before she strikes again? There's never a dull moment in E. G. Michaels books. They are all full of action, meaningful events and witty dialogues. E. G. Michaels has a humorous and crafty voice in telling his stories. I read *On the clock* in one sitting. I was captivated by how well the story was told, so thoroughly and steadily. It's a book extremely well written, pulling you in with each page, anxious about what's next. A detective story you don't want to miss. H.M. Bloom As always, the personality, wit and drama that Kyle Simmons brings keeps you laughing, rolling your eyes and gasping at his comments. While the killer was a slightly easy guess, the victims were not so easily figured out. As he races to stop the killer, he also races to save the lives of those who matter to him. This is truly a delusional killer who thankfully only exists on paper. No matter how many potty training and newspaper jokes were made regarding the FNG.....you can't help but laugh at every line! CMGreen35 This book kept me on the edge of my seat not knowing what the psycho was going to do next. Please keep writing your Kyle Simmons books. I love them! Rosie Tosie There are plenty of twists and turns and a particularly well thought out ending. I can practically guarantee that anyone reading it will become a fan of Kyle Simmons and, of course, his creator. Derek White from Nerd Girl Official ... Just discovered this author.

Have read all 3 books. Loved them. I am a big James Patterson fan and Michaels reminds me of him. Cant wait for the next book. The Eagle *** This is a 72K length novel.
