

A Shark Out of Water (John Putnam Thatcher Mystery)

The deal was murder. A megabucks investment opportunity draws financier/sleuth John Putnam Thatcher to the decaying Polish port of Gdansk, where a killing can be made if the busy canal there is rebuilt--long a dream of maverick Baltic business official Stefan Zabriski. But cutthroat politicking and partying among multi power games, crooked commerce, and international intrigue, Thatcher must speculate on a deal more lethal than any he's ever seen on Wall Street.
