

## TRAPPED

\*\*\*\*\*TRAPPED- Part 2 Wild Child available now at Amazon!!\*\*\*\*\*

TRAPPED is the story of a single mother trying her best to raise three kids on her own, the best way that she can, while trying to manage some sort of a love life for herself. TRAPPED is the first installment in this series of books that will take you through the trials and tribulations of Zakia, who is a young woman who was on her way down a very dark and destructive path. Kia tries her best to turn things around and become that strong example for her kids as to how they should live their lives. As Kia tries to change her own and her kids lives for the better shes constantly bombarded by changes and situations that threaten to take away her sanity. Kia thinks shes strong enough to handle anything, but some things that happens to her makes her wonder how strong she really is.....(From Kareem) This TRAPPED series might easily be my best work to date. Every character has a purpose in the story and most will be connected to the big picture of the story when everything is said and done. You may not be able to see how instrumental the character is to the story at first glance, but believe me, by the time the story wraps up YOU WILL SEE! As the series progresses I think you will be surprised by how well everyone and everything connects!
