

## 5: Aliens Stole My Dog (Books For Boys)

From football to go karting, and real heroes and aliens, Books for Boys are packed with high action, adventure and humour, ideal for turning reluctant boy readers into lifelong bookworms. What's out there? First David finds the mysterious CD-rom in the school playground. Next, there's a spaceship in his garden, and his dog, Hairy Spice, disappears. Who else have the aliens kidnapped? Why have they chosen David to help them? And will he be able to save the world? Books for Boys provide the ideal first step into longer fiction for fans of Ian Whybrow's HARRY AND THE DINOSAURS stories.
