

## Vada Faith

Lee Smith said of Vada Faith, ...the combination of the tight, funny, punchy writing and the serious theme (surrogacy) make this an unusual and memorable novel. The sisters relationship...is wonderful as ever, and Mama is simply a dream....great characters and great narrative energy. Vada Faith is the story of a young wife and mother with issues. She decides by becoming the first surrogate mother in Shady Creek, West Virginia, she will get the recognition she has longed for. Instead, the fight is on! Vada Faith, her family, and the townspeople draw up sides, leaving Vada Faiths life full of hurt and even more discontent. Read this novel about family members learning to love better, to accept and to forgive each other.
