

Strangers and Lies (Gwen Farris Book 3)

The thrilling conclusion to the incredible tale! As a great darkness approaches her new world, Gwen Farris must face the truth about her origin and learn to use the power within her, or else all will be destroyed. There doesn't seem to be much hope, and her life is descending back into isolation and loneliness. Everything is not what it seems however, and only a stranger can fix what's gone wrong, and save her new friends from an otherwise inescapable threat. To do that she must see through the fog of lies that has plagued her and become something she never thought she could be... Part of the group.
