

Trial and Terror

The good news is that public defender Summer Neuwirth just won her first case, which involved a brutal rape and kidnapping. The bad news? Her client was guilty. What's more, he knows all about Summer's past. As Summer pursues her next case, this time to keep an innocent woman off death row, elements of that past—a mysterious case of childhood amnesia, her police officer father's involvement with a serial killer, a terrifying attack she survived just months earlier—entwine with her present legal work, her missing mother, and her rocky relationship with a private investigator, all of which culminate in a thrilling trial... and terror.
