

Cranford

First published in 1904, and with 25 colour illustrations, Cranford is a witty portrait of small town life in early-Victorian England. The story unfolds through the eyes of Mary Smith, a young woman who observes the comedic struggles of two middle aged sisters in their efforts to maintain a level of refined dignity amid poverty. In the first place, Cranford is in possession of the Amazons; all the holders of houses above a certain rent are women. If a married couple come to settle in the town, somehow the gentleman disappears; he is either fairly frightened to death by being the only man in the Cranford evening parties, or he is accounted for by being with his regiment, his ship, or closely engaged in business all the week in the great neighbouring commercial town of Drumble, distant only twenty miles on a railroad. In short, whatever does become of the gentlemen, they are not at Cranford. What could they do if they were there? The surgeon has his round of thirty miles, and sleeps at Cranford; but every man cannot be a surgeon.

BBC Weather - Cranford Cranford is a township in Union County, New Jersey, United States.
