

Behind The Horned Mask: Book 2

The mystery of the missing twenty-three remains unsolved, even after their return. Paul, the man who organized the masquerade party, has been cleared of any wrong-doing, but Norrah, Jay, and Aaron aren't so sure. They seek to uncover his dark and secretive past. The more they learn, the more they become convinced that he is responsible for what happened. They find a connection between Paul and the man behind the horned mask, one with religious implications that hints at prophecy. The closer they become to unraveling the mystery, the more dangerous their situation gets. Could the man behind the horned mask be who they think he is?
