

Birds of Prey #87

From the moment Brad Meltzer revitalized The Calculator in the pages of Identity Crisis, readers have been waiting to see him clash with Oracle. Finally in Birds of Prey 87 this conflict begins. This issue does more to flesh out Calculators character than any issue since the wrap of Identity Crisis. Hes seen as a man obsessed with solving puzzles and the latest one to appear before him is the identity of the mysterious icon that blocks him at every turn. So he turns his attention to not only learning the identity of Oracle, but destroying her as well.
