

## Between The Raindrops

Nevaeh Daniels isnt like your typical twenty-four year old. She doesnt have life all figured out and frankly, she just doesnt give a damn. She parties too hard, cusses too much and has no true direction in life. Her parents gave up on her long before and focus solely on her identical twin sister, perfection at its finest, Heaven Daniels. Well at least they did... until she commits suicide and puts the reputation of her family and herself at stake. Her parents refuse to go back to a life of squalor, so they devise a plan. A plan to give Nevaeh a life she never thought shed have; fortune, fame and the love of fellow Hollywood hottie, Tate Monahugh. But he isnt the only one interested in getting inside her head and discovering her true being. Are the lifestyles of the rich and famous all they are really cracked up to be or will Nevaeh succumb to her old life of solitude and forget-it-all attitude? 18 and up for adult situations.
