

Between Twin Billionaires #2 (Billionaire Romance)

Sexy twin billionaires are so overrated! I should be on my honeymoon with my golden boy billionaire, instead, Im stuck with his irresponsible, womanizing, conniving twin. The sexier twin; the family black sheep - yes, that globetrotting f**ked up sexy one - thats who I have to deal with, for one whole year! Jamie played dirty, Ill play along. Ill make him mine, in my own way. Ill take my chances at getting part of his inheritance. Its all business to me. Ill take him down for his money; heck, I might even take golden boy, Derrick, along for the ride. After all, he started this entire mess...he should have been the one ...I shouldnt have been put in this position... *** But when Rosalind is confronted by the two men she most desires, revenge is no longer as sweet as she dreamed and all the billions in the world cant make the right choice for her. She has no chances at winning... two wrecked billionaires...just one lover! *** This is the second part of a three- part billionaire romance - billionaire brothers romance. *** Book 3 is now available!
