

Apex: A Black Flagged Thriller (The Black Flagged Series Book 3)

Book Three in the Black Flagged Series A tense alliance between General Sanderson and the CIA narrowly averts an apocalyptic attack by Islamic fundamentalists in Europe, but ultimately fails to recover the virus canisters. With the biological weapons still missing, the specter of an attack against the United States looms dangerously closer. Desperate to stop Al Qaeda, Daniel Petrovich's black ops team is sent to investigate the last lead provided by Anatoly Reznikov, the twisted scientist responsible for designing the virus. What they uncover will shake U.S. authorities to the core. Every canister of the Zulu Virus has been shipped to the United States... Back in Washington D.C., this startling revelation is intensified by a grim discovery. Suspected Al Qaeda cells under FBI surveillance have been simultaneously massacred, targets of a shadowy domestic terror organization with ties to a rising political movement. When Special Agent in Charge Ryan Sharpe discovers that Al Qaeda lost possession of every virus canister in the coordinated attack, he deploys Task Force Scorpion to hunt down a new breed of terrorist and recover the virus. As Sharpe's task force unravels the curious fabric of True America's plot, they start to assemble the chilling details of an impending domestic bioweapons attack--on an unimaginable scale. With time expiring, and his task force running out of options, Sharpe embraces the illicit help of a sworn enemy, whose questionable tactics may be their only chance of stopping an insidious plan to destabilize the United States. Black Flagged Apex propels the gritty, often unapologetic Black Flagged Series into new territory, where hidden agendas, startling betrayals and brutal action define the daily landscape navigated by the puppet masters and frontline operators in the war on terror.
