It was originally published in 20 monthly installments between March 1852 and September 1853 and includes a vast, complex plot that has mesmerized readers for a century and a half. At the novel's core is a long-running court case which has far-reaching consequences for all involved. The story is part mystery with a complex group of clues, motives, and suspects that readers must sort through and figure out and includes one of the first detectives in English fiction, Inspector Bucket. Other memorable characters include the menacing lawyer Tulkinghorn, the friendly but depressive John Jarndyce, and the childish and disingenuous Harold Skimpole, as well as the charismatic but imprudent Richard Carstone. This edition includes original illustrations by Phiz from the Bradbury & Evans 1853 one-volume first edition of the novel. *Active Table of Contents.
