

Blood Seance

Glen Kellerman is thrilled to move his family into a gorgeous old Spanish-style mansion in the Pacific Palisades - and his wife and kids are even more thrilled when they learn the house used to belong to a forties-era scream queen named Evelyn Leighton. But, of course, things don't stay rosy for long... When his daughter Ginny conducts a late night ouija session with her friends, she unleashes a terror upon the neighborhood that threatens to rip their family to pieces. As Glen delves deeper into the sordid history of the mansion, he discovers that his daughter's fate is inextricably tied to the demise of the house's former inhabitant, that golden age starlet who died under, shall we say, mysterious circumstances. Glen's only hope is to unravel the mystery before his daughter's soul is gone forever, and time is running out. The author does a nice job ratcheting up nasty little incidents until all hell breaks loose. - BirdieTracy (Amazon reviewer) For all those that enjoy a book that gives you chills, this one will not disappoint. - Andrea Riggio (Amazon reviewer) The action is non-stop and you cannot help but keep turning those pages. - Busy Reader (Amazon reviewer)
