

Pharons Demon

Space pirate Bennu loves getting caught... a little too much. With her job at risk, she scores one last chance to prove she has what it takes by stealing topazes from the mines of Pharon. Bennu cant afford to be caught and she cant indulge her secret passionsbut can she resist when she is caught red-handed by Mkhai, one of Pharons demonsand he metes out his own special brand of punishment? This is an extremely naughty thirty-page short story that was later expanded and rewritten as THE HUNT. Warning: This story includes hot sex, space opera, spanking, and some smoking hot demons who know exactly how to give a thief what she deserves.
