\*\*PART FOUR of a FOUR PART SERIAL\*\* A man who's afraid to commit and a woman who doesn't want or need too. Bridget Jones womanising Daniel Cleaver meets the new millennium version of Elizabeth Bennett. Amy, a hot-headed, determined woman has it all, including Jake, no-strings, no commitment, hot-n-heavy sexual delight. There's little room in her life for a permanent man and she likes it that way. Jake's tiring of his cardboard cut-out-life. There's only so much Chardonnay one man can drink in his lifetime and only so many Barbie dolls he can take to bed. His soul yearns for something more permanent; could that something be Amy? Part 4 - Jake's letting Amy take control - but is control really what Amy wants, or needs?
