

First of the Last Chances

Poet Sophie Hannah returns with a collection of poems that explore and celebrate strong feelings: love, hate, anger, hope - and which strip away the veils of hypocrisy and pretence from all aspects of everyday life. From relationships to the world of work, motherhood and marriage, Sophie Hannah tells it how it is in her own inimitable style. Funny and moving, these poems combine traditional form and rhyme with a contemporary take on modern life that simultaneously raises a smile and provides thoughts to linger over. This collection also includes *A Woman's Life and Loves*, eight poems set to music by the composer Gabriel Jackson that form a song cycle originally conceived as a contemporary and feminist response to the Schumann song cycle.
