

## Contentment: After Happily Ever

Tracy Sullivan seems to have it all, a handsome, devoted husband, three beautiful children, a steady career, and the perfect suburban home; but she isn't happy. The petty resentments that have built over fifteen years of marriage surface when Tracy tells her husband, Sean, that she is no longer interested in sex, and their marriage threatens to implode. For the sake of their children, Tracy and Sean agree to lead separate lives under the same roof. With the help of a healthy dose of adult-rated fiction and some gentle prodding from a good friend, Tracy begins to rediscover who she is, what she wants, and the reasons she fell for Sean once upon a time. After two years of soul-searching, Tracy is finally ready to embrace her happily ever after having learned that while happiness may be fleeting, contentment can last a lifetime.
