

Finders Should Not Always be Keepers (Opals Are Bad Luck Book 1)

Do you like a good mystery? If so, you will like this first-of-a-series set in Australia and about how and why a man is being chased for something he doesn't know he has. He is mystified as to why he can't find out what is happening or why. But another character does begin to unravel the reason in this first book. The object in question that has caused him so much grief has a checkered history, which was true in those days of many things in Queensland, Australia. Be sure to read the first book of this enchanting mystery series! About the Author Living in Australia, Cheryl Taylor is a retired nurse, diabetic, stroke survivor and mad gardener. Interested in everything, she consequently is a voracious reader who also likes to write. Interestingly enough, ... Opals are Bad Luck is based on her father's property where Chinese miners actually dug for opals. Often as a child, they would lose sheep down the digs still on the property left from the opal mining efforts of years ago. ... Opals are Bad Luck is the first of an eventual trilogy with the same name - Opals are Bad Luck. In this first book, it ends with us knowing they are bad luck, but we have to wait until the second and third books to find out why they are bad luck and how it story ends.
