

The Shropshire Stalker

A tense psychological thriller Mild-mannered book dealer Anthony Metcalf, and his actress wife Barbara, are receiving unwarranted attention from a sinister source: a witch. Their supernatural visitor is not the conventional hag with a black pointed hat, but the stunningly-glamorous millionairess Eva Carlssen. And her broomstick is a silver German sports racing car. Initially dismissing her claims of magical powers as bombast, Anthony begins to take them more seriously when he witnesses a tragic accident at a local motor race meeting. He is convinced it has been caused through Evas spectral interference. With the stability of his marriage undermined by Evas relentless pursuit, intrusive text messages and phone calls, Anthony Metcalfs life is suddenly shattered with a late-night visit from the local police ...
