

Claws

Enter the deadly safari and hunt down a blood-thirsty killer! When twenty-three lions, tigers, and ligers a giant hybrid cat appear in rural Idaho, town officials decide to hold the first safari in America. Only police chief Jackson Hobbs, a man haunted by loss and tragedy, and Katy Osborne, a talented hunting guide, seem to realize the potential danger of this situation. With the town desperate for money, the mayor, who also happens to be Jackson's ex-wife, and her boyfriend are adamant that the Idaho Lion Hunt go forward even after people are killed. As the death toll rises and his own family is put at risk, Jackson must cope with a town doubled in population, the activity of a local antigovernment militia, a willful teenage daughter, an animal rescue group, a missing young boy, a dead state trooper, and Katy's desire to save a rare liger named Kali. Betrayal blossoms alongside romance as Jackson gets closer and closer to discovering the identity of those who engineered this predator panic.
