

Covert Reich

From New York Times and Amazon Bestselling author who brought readers DADDYS HOME and MOMMY,MAY I? comes a conspiracy thriller that you wont forget. When the most vulnerable of society fall prey to the powerful behind the scenes unspeakable acts occur--including murder. Dr. Kelly Morales is troubled by the deaths of three pregnant women who die within a week of one another inside the emergency room of County Hospital in East Los Angeles--all three women were homeless, minority and died in suspicious ways. Hours after Kelly attempts to question her colleague pathologist Dr. Jake Hamilton, he is found murdered and Kelly is high on the suspect list. A cryptic e-mail is sent to journalist Georgia (Gem) Michaels insisting she look into the brutal slaying of a San Diego County family in 2008 that was chalked up to The Mexican Cartel. The e-mail also insists she keeps an eye on her neighbor. At first, Gem thinks the e-mail is nothing but a joke, but her gut tells her that maybe checking out her handsome but odd neighbor is worth her time. Terrorized and brutalized chemist Dr. Ryan Horner is being held against his will. He knows that if he does not do the bidding of a group who call themselves The Brotherhood that the lives of his wife and children are at grave risk. Detective Tony Pazzini is the lead detective on Dr. Hamiltons murder investigation and what he begins to unravel along with Kelly is a shocking web of lies and murder that find themselves questioning those in high positions in Washington D.C. The closer they find themselves getting to the truth, they also find there may be a spark between them. When Kelly is forced to go on the run, Tony is determined to find her before its too late. As the ante is upped, these characters lives become intertwined, finally colliding as a race against good versus true evil rapidly ensues. Dr. Kelly Morales, Gem Michaels, Dr. Ryan Horner,

and Detective Tony Pazzini search to uncover the truth and expose it behind the deaths and murders that make up Project Covert Reich. Note: This book contains explicit language and graphic violence.
