

Garth Ennis takes no prisoners and offers no hope in the most intense book of his career! This issue will shock you and haunt your every moment as Cindys rag-tag group of survivors are put through the worst kind of torture you can imagine. Nothing is going right, but this is no fairy tale - there are no magic cures on the horizon. When civilization crumbles in one terrifying moment; when people are gleefully breaking into unthinkable acts of violence all around you; when everyone you love has died screaming in agony: What do you do? There is no help. There is no hope. There is no escape. There are only the Crossed. This stomach-churning vision is brought to vivid (and more than a little disturbing) life by his partner in crime Jacen Burrows. This suffocating seventh issue is available with a Regular or Wraparound cover by Burrows as well as a rare Red Crossed Edition by Burrows.
