

## Cthulhusattva: Tales of the Black Gnosis

When all is madness... there is no madness.

Is there wisdom in insanity? Enlightenment in blackest despair? Higher consciousness in the depths of chaos? These are the stories of the men and women who choose to cast off from the shores of our placid island of ignorance and sail the black seas of infinity beyond. Those who would dive into primeval consciousness in search of dark treasures. Those who would risk the Deadly Light for one reason: it is still light. Martian Migraine Press presents fifteen diverse tales of enlightenment and horror from some of the best new voices working in Weird Fiction today. Cthulhusattva: Tales of the Black Gnosis features poetry from Bryan Thao Worra, stories by Gord Sellar, Kristi DeMeester, Jayaprakash Satyamurthy, and the groundbreaking Mythos novella from Ruthanna Emrys, The Litany of Earth. With cover art by Alix Branwyn, interior illustrations by Michael Lee Macdonald, and an introduction by editor Scott R Jones (author of When The Stars Are Right: Towards An Authentic Rlyehian Spirituality), Cthulhusattva: Tales of the Black Gnosis will plunge readers into a seriously entertaining contemplation of the mysticism and magic inherent to Lovecraft's fantastical world of cosmic horror and dread. Take the Cthulhusattva Vow! Enter the Black Gnosis!
