

Gut Decision: A David Wolf Short Story

After six tours as an Army Ranger, David Wolf is finally back home in Rocky Points, Colorado, where hes in his third week of training for the Sluice County Sheriffs Department. His survival instincts and fresh memories of military action are wreaking havoc on his chances of making a good impression, and when he screws up during his first week on patrol, everyone has written him off as hopeless--a dangerous kid without any self control. So when he thinks he sees trouble happening during a routine call, probie-deputy Wolf must decide if he can defy orders and trust the instincts that got him through six tours of death-defying military action, or if hes just seeing things again. This action packed short story will have your page-turn button smoking.
