

The Haunting of Sam Cabot (A Novel of Terror)

There are places that hold evil, houses so vile, so tainted, that people refuse to live in them. Farnham House is one of those places. Once an inn, this majestic old New England manor house is back on the market, and the price is very reasonable. Sam Cabot is a man tired of moving. Now he wants nothing more than to live a quiet life in the country with his wife and young son. Little does he know that he will soon begin a long, slow descent into madness and that he will spend his summer living with dead things. The Kindle version of this book contains bonus material
