

## Dark Reckoning: A Steve Williams Novel (The Steve Williams Series Book 1)

A sadistic killer stalks the secluded college town of Brookfield, New Hampshire. With bodies piling up and rumors of the murders being part of sacrificial hazing rituals, the FBI plants Special Agent Steve Williams in a fraternity at Brookfield University. His investigation takes a ninety degree turn into the bizarre when he is introduced to Jennifer, a clairvoyant co-ed who swears the killer isn't human. Steve considers the plausibility of the extraordinary, the unspeakable, even the inconceivable, when his notebook starts bleeding cryptic messages. Messages that indicate Jennifer is at the heart of the darkness in Brookfield. When she describes her latest vision, a trail of violent deaths, including his, Steve asks the million-dollar question: Is Jennifer trying to help... or is she actually the one responsible? J.E. Taylor writes a thrilling and engaging paranormal horror, DARK RECKONING. The absorbing, fluid plot builds slowly towards its divergent terror-driven climax. I do love a great horror story, so I'm adding this beauty to my ebook collection. Marking it for a repeat read too. Pamela Jenewein Romance At Heart Reviews J.E. Taylor has penned a tale of terror worthy of Lovecraft. The strong characters, edgy atmosphere, and unflinching narrative hooked me from the first and kept me riveted all the way through to its horrifying conclusion - a solid piece of storytelling! Ty Drago, Editor of Allegory and author of PHOBOS I loved DARK RECKONING - always had a soft spot for demon type horror/thrillers and this is fabulous. Just the right mix of terror and calm so I didn't have a heart attack while reading but came close! Excellent read for anyone who loves horror and a good love story.
