

Nicki Sosebee Foursome 2

A Collection of Nicki Sosebee Novels 5-8

ONE MORE TIME: Nicki notices there is a big problem with the homeless population in Winchester, and the local shelter doesn't have any more room for them. Nicki becomes irate when the City Council decides to do everything in its power to drive the homeless out of town, because she has other ideas. Meanwhile, she and Jesse are still going strong, if they can keep everyone else out of their business.

LOST: Nicki and Jesse have broken up again, but this time it's for good. She realizes how much Jesse meant to her when she finds it hard to fly solo. And she's lost her touch, striking out with one guy after another. Her BFFs Brandy and Jillian try to take her mind off her pain, and Nicki finally reveals to them why she's never been able to forget about Sean, but she doesn't miss the opportunity to get down and dirty with a local rock star. In the meantime, the teenage daughter of a Winchester lawyer is kidnapped, and Nicki reports on the crime, hoping readers can offer clues to the authorities and find the girl...before it's too late. But what Nicki discovers leaves her horrified.

INNOCENT BYSTANDER: Nicki, now disillusioned, realizes that she is but a tiny cog in a big machine, and she begins to feel like she's going to be swallowed up. As she opens her eyes to all that's around her, her life begins to fall apart. She loses her car, her apartment, and almost loses her job, all to circumstances beyond her control, and the bad guys have nothing to do with it. But, through adversity, Nicki learns what she's made of. She begins to dig deep into the underbelly of Winchester, and she finds that the drug trade isn't just for the junkies.

BLIND: Nicki is angry. Now that she's seen what the people in power will do to keep their control, she knows she has to play it safe. She's threatened to topple their thrones and they're feeling nervous. But she's also feeling guilty about the murder of

a prostitute whom she thinks she was responsible for, so she makes it her mission to help all the women of the night working in Winchester. And she does it the only way she knows how by reporting what she's learned. And with Sean behind her, she knows she can do anything she sets her mind to. Nicki Sosebee is a strong woman who's not afraid to go after what she wants, whether it's a man or a story. She's tough and her mouth shows it. She's a free spirit and feels no need to apologize for who she is or what she believes in. Warning: Not for the faint of heart! This book contains explicit sex and naughty language. Proceed with caution...if you dare.
