

Deadly Heritage: equestrian romantic suspense

Someone is stalking Quarter Horse breeder Kellie Sutton, and the one person who can protect her is the man whose heart she broke 15 years ago. Horses and land hunger brew into a rip-roaring tale of depravity, deceit, and family tragedy in this romantic suspense equestrian novel. A prize stallion savaged. A beautiful daughter snatched. An ex-husband with a dark side. Will Sheriff Ed Campbell be able to put his broken heart aside and help the woman he never forgot? Equestrians and history buffs will love the setting, an historic ranch on the outskirts of Guthrie, Oklahoma site of the first land rush of 1889. Not only is Kellie trying to stop the villain who's trying to put her out of business, she's battling the encroaching real estate developers that are gobbling up every available acre of land. As more horses are attacked, Kellie's desperation and heartbreak comes vividly to life as she fights an unknown enemy with nothing to lose. The mystery unfolds on the scorched, drought-stricken fields between Kellie's ranch and the home she grew up in.
