

## A Psychics Diary

What do you do when an invisible force drags your little brother down the hall? What do you do when a dark arts witch, whom you have never met, summons you from beyond the grave? These were the challenges I faced throughout my paranormal life, combating supernatural forces, with one foot in this world and one in the next. The true accounts of true evil and terrifying events that happen in A Psychics Diary. If I had written a diary; this would be it.
