

Politics, Logic, and Love: The Life of Jean van Heijenoort

This practical handbook on independent game development offers expert tips on how to make successful games on your own terms. Readers will learn best practices for choosing the right game ideas, developing them efficiently, making gameplay fun, polishing a game for release, and taking games to market. Top indie game developers provide their advice, tips and tricks, and post-mortems of their experiences in hopes of encouraging more aspiring game makers to create innovative and fun games on their own.
