

## Sphere: A Novel

Now available in trade paperback, New York Times bestselling author Michael Crichton's classic science fiction thriller. In the middle of the South Pacific, a thousand feet below the surface of the water, a huge vessel is discovered resting on the ocean floor. It is a spaceship of phenomenal dimensions, apparently undamaged by its fall from the sky. And, most startling, it appears to be at least three hundred years old. But even more fantastic and frightening is what waits inside.
