

## Elemental Release: An Elemental Magic Novella (Volume 3)

For fans of Elana Johnson's dystopian romance series, *Possession*, comes a new paranormal teen romance: *The Elemental Series*. The third and final installment in the Elemental series, a futuristic romance series for young adults and new adults from acclaimed YA author Elana Johnson, *ELEMENTAL RELEASE* is a novella that concludes the story that began with *ELEMENTAL RUSH* and continued with *ELEMENTAL HUNGER*. Two months after returning to the capital city of Tarpulin with a Council of his own, Airmaster Adam Gillman is ready to start repairing the relationships in his life. Up first: his Councilman and the girl he'd like to be more than friends with, Gabriella Kilpatrick. But first, he has to figure out how to be the Airmaster his Firemaker needs. In order to do that, Adam attends Elemental training and discovers that to truly command the air, he must first be in control of his emotions. And in order to master those, he has to grieve for the loss of Hanai, make amends with his brother, and earn the trust of Gabby. Amidst all that, Adam must also learn how to grapple with the jet stream, because a dangerous Airmaster is loose in Tarpulin. And Adam will need to find his emotional center in order to work with the atmosphere and defeat the threat. *ELEMENTAL RELEASE* is the concluding novella in the thrilling *ELEMENTAL* series, which includes a prequel novella, *ELEMENTAL RUSH*, and full-length novel, *ELEMENTAL HUNGER*. The *ELEMENTAL* series is a dystopian fantasy romance series.
