

Encompassed

After hundreds of immortal years together, ship captain Dante and Mayan Princess Marias union has grown a bit stale. Bonded through a phenomenon known as the Calling, they share a loving and deep relationship. But as they watch their newly bonded immortal friends enjoy the spark that centuries have taken away from them, they seek to find it once more. When immortal Gracie joins their midst, its impossible for Dante not to notice her fresh glow. Maria begins to struggle with deeper feelings for her friend, even as her body stirs with want. And Gracies pent-up passions are centered upon the two people who are closest to her Dante and Maria. Journeying to Central America where Dante and Marias love story began, the race is on to find true happiness before Gracie is torn from them by the Calling and bound to someone else. Will the compass of Gracies heart points her in the right direction? Reader Alert!: Three is spicy, but four bodies across a king-sized bed? Oh hells yeah. To My Readers: When I first began the Immortal Series, two characters were the foundation in the characters lives Dante and Maria. The captain of the ship who brought men to a new world and his Mayan Princess finally yelled loudly enough to get their own spotlight. Their five-hundred year love affair is about to go from spicy to blazing hot to absolute combustion.
