

End Matter

Facing the twilight of his life, widower Nathan Cartwright realizes that he has very little to leave his beloved family. While helplessly watching his son Danny attempt to make ends meet as a struggling Maine beekeeper, he turns to his old craft of authorship in order to leave a small legacy behind. His debut work in drama did very poorly, but his entry into the thriller genre propelled his books to the top of the charts. With all of this success and fame comes a steep price, with unspeakable horrors to unfold, should Nathans secret ever come to light.
