

Codename: Makarov (Carrie Chronicles # 2)

From #1 Amazon bestselling author Ethan Jones comes *Codename: Makarov*, the second novel in the *Carrie Chronicles* spy thriller series. Carrie O'Connor, the fiercest field operative of the Canadian Intelligence Service, is in Pakistan for an extremely secret meeting with one of the local Taliban leaders. But she falls into an ambush that almost claims her life and begins to suspect a mole inside her team is betraying their covert operations. As she starts her search for the traitor, Carrie is informed about a ruthless ex-KGB assassin, who may have been implicated in her father's disappearance in Moscow at the height of the Cold War. Carrie dives into this inquiry, and soon finds herself at the center of a decade-long intrigue. Trying to balance her feelings and rein in her emotions, she learns about her ex-partner, Justin Hall, who has gone rogue and is hiding among the lawless terrorist-infested badlands of Syria and Iraq. Carrie is determined to dispel the cloud of uncertainty looming over her father's disappearance and eager to bring Justin, the former love of her life, back home. She embarks into what may turn out to be her most dangerous and heart-wrenching operation. Her deadly quest for justice will take her from the blood-soaked Syrian deserts back to Pakistan to settle the accounts once for all with the man who killed her father, and the traitor who backstabbed her and her team. *Codename: Makarov* is Ethan Jones's most explosive novel yet. It is the perfect spy thriller, barreling along with the neck-breaking speed of Brad Thor and the jam-packed action of David Baldacci. Fans of Tom Clancy, Daniel Silva or Lee Child will love this pulse-pounding espionage adventure spanning the globe.
