

The Fair-Haired Girl: Tales of the Fianna

The Tales of the Fianna are short stories for readers of Megan Chance's The Fianna Trilogy. When the best warrior of the Fianna, Oscar, son of Ossian, runs into a strange woman in the wood and is issued a fateful challenge, he discovers that battle may not be his favorite thing after all. In Tales of the Fianna, Megan Chance retells some of the most famous myths of the Fianna warriors in ancient Ireland, long before the events depicted in The Fianna Trilogy, accompanied with illustrations by artist and illustrator, Robyn Chance.
