

## Fair and Tender Ladies (A Richard Nottingham Mystery)

1734. When a young country lad requests the Constables help in finding his sister who has run away to Leeds to seek her fortune, Nottingham is not optimistic. Such girls usually end up as prostitutes or worse. The following day, the young man is found dead, his throat slit. The evening before his death, the victim had been seen in deep conversation with career criminal Tom Finan in the Bell Inn. Could there be a connection to his murder? Why has Finan returned to Leeds after a seventeen-year absence? And what really happened to the young man's sister? Then a second body is discovered floating in the River Aire and Nottingham finds himself plunged into a murder investigation where nothing is as it seems.
