

## Fantasy Gallery - A Sexy Short Story from Steam Books

Every woman harbors a secret fantasy that she wont share with anyone else. An out of the way place. A viciously, painfully sexy stranger. Or wild, uncontrollable sexual passion. Underneath every part of her outward facade, she wonders what it would be like for someone to desire her so much that they cant help themselves, that they had to have her regardless of the consequences. Once in a while, the fantasy comes true. April finds out herself one morning, in a dark art gallery...  
**WARNING:** This 4,110-word short story is a steamy read that features explicit sexual content and may be too much for some readers to handle!
