

## Notes

Cassie always wanted to blend in, and never has. She knows too much. That's because every morning when she wakes up she finds a note on her pillow, notes she believes must come from a guardian angel. But her angel must be fallen: the notes tell her the terrible dark secrets of her friends and family, and whatever she does, she can't shut that knowledge out of her head. All her life, she's wished the notes would just stop coming. And then they do. And without her notes for guidance, Cassie makes a terrible mistake. A mistake that could destroy her. It's time to find her guardian angel.
