

Fracture (The Hindsight Series Book 2)

Hindsight ended with broken bones and shattered glass, teeth on the pavement and the blare of sirens. Shirley wakes up to familiar, but unexpected, faces. Haley wakes within a coma. Neither knows how they survived. Both begin, desperately, to try to put the pieces of themselves together and find their way back home. A young man has gone missing, however, a boy who is Shirley's one chance at redemption, and Shirley knows he has to find him first. The trail leads Shirley back to where he started. But when seemingly ordinary American citizens begin to commit unspeakable acts of terror, Shirley realizes the worst is yet to come, and time is running out...
