

Snapshot (Ryan Aziz: Origins) (Volume 3)

After a trio of photographers crash the wrong funeral, a masked killer known only as Snapshot begins a murderous campaign against the paparazzi. Working through his list of targets with increasingly brutal results, Snapshot releases photos of each victim to strike fear in those yet to be punished. At first indifferent to police requests for his assistance, London student Ryan Aziz is pulled into the investigation when Snapshot sets his deranged sights a little too close to home. Ryan faces his most dangerous test yet in this final chapter of the Origins trilogy.
