

Gardening Tips For Summer: The Vegetable Gardeners Top Jobs For The Summer Growing Season (Seasonal Garden Jobs Book 4)

GARDENING TIPS FOR THE SUMMER SEASON The fourth book in this series of seasonal gardening jobs, considers the tasks to be done over arguably the quietest part of the vegetable gardeners season - the summer season. This is a time where the gardener begins to really appreciate all the hard work done previously to ensure good healthy vegetable crops, as well as ensure that all is well in the veggie plot overall. Gardening Tasks covered include: Support: How to support your vegetables to best encourage growth and healthy undamaged crops. Protection: Protecting your veggies against insect and animal predation is an on-going task for any gardener. Some top tips included here for easy insect control. Pruning & Trimming: Fruit plants in particular need regular pruning in order to get good heavy crops. Feeding: The summer season is a time when plants need a boost in order to produce. Some easy organic feed recipes included here. Harvesting: Harvesting is something that goes on throughout the growing season for many vegetable crops. Tips here on how to get the best out of your plants with regular pruning and harvesting. Winter Planting: yes the summer is a time to start planning for the coming winter/spring vegetable crops. Misc Summer Tasks: here you will find a selection of a further top ten tasks to be attended to over the summer period.
